

Bring the  
office to  
life with  
 Flourish™

**GrowingRevolution**

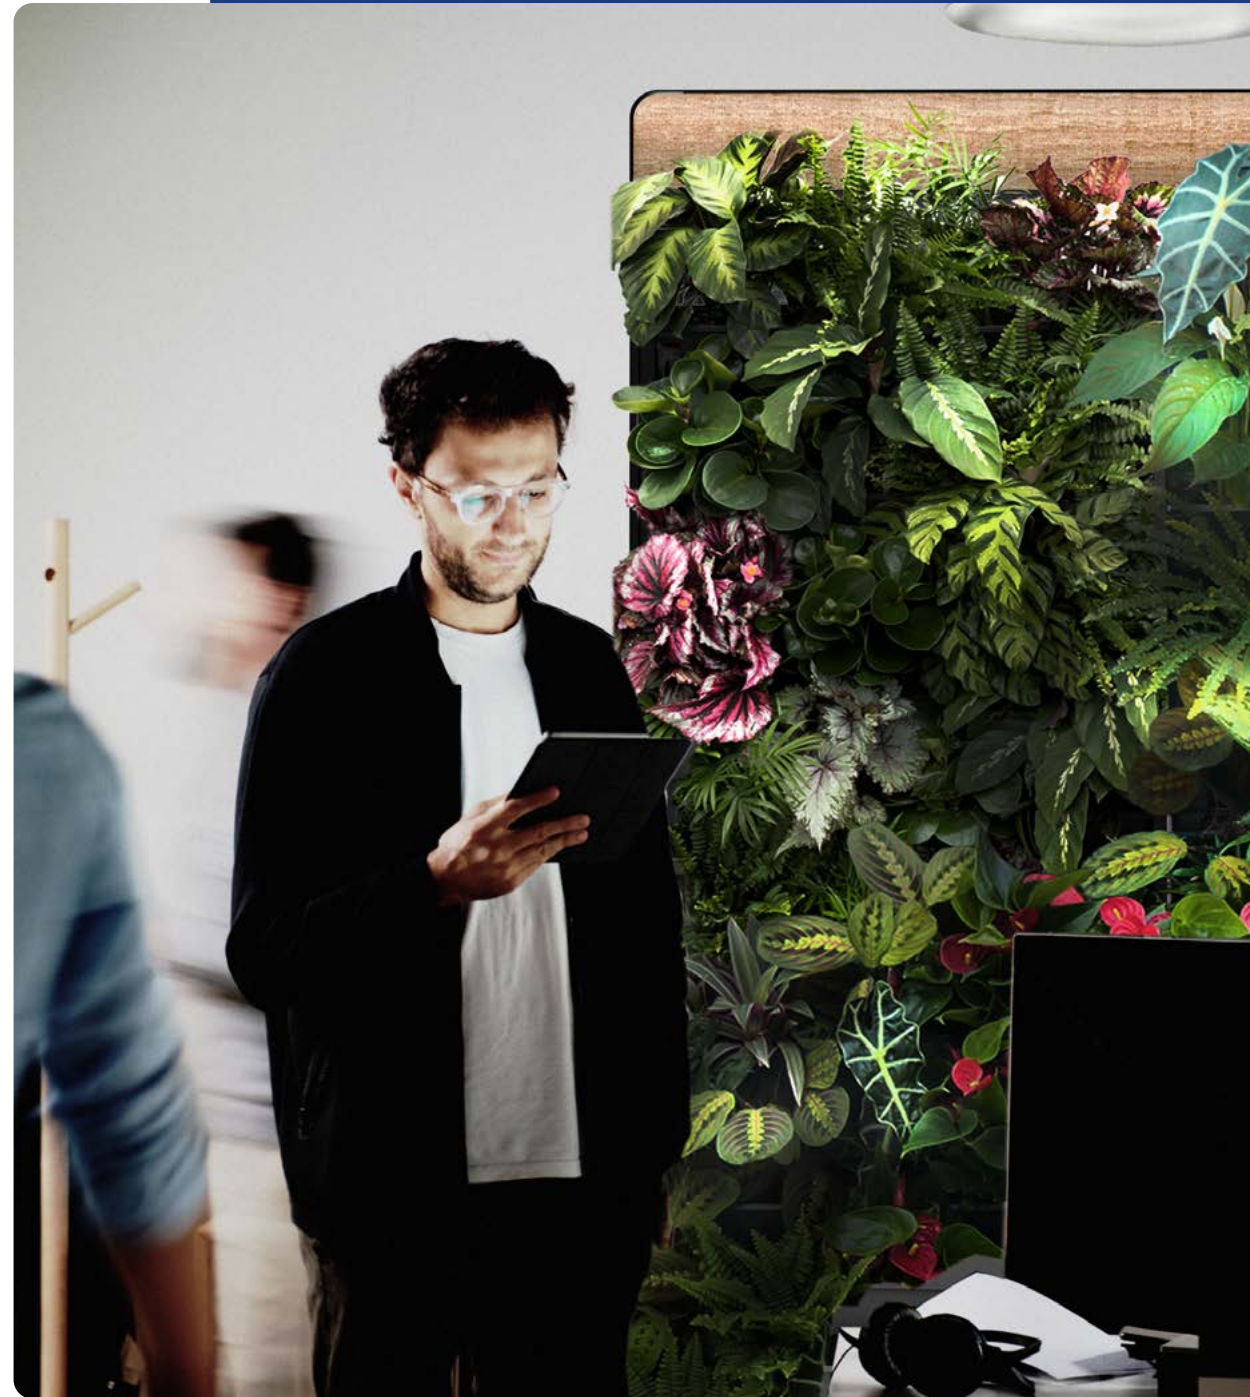

Bringing nature closer

Cleverly simple  
living walls to  
bring nature  
closer.

The Flourish™ range  
combines Growing  
Revolution's award winning  
PlantBlox™ living wall system  
with elegant surrounds.

Offering multiple options for  
instant, stylish &  
space-saving greening  
of any indoor space.

## Designed by experts

Flourish™ was created by the co-founder of Biotecture, a specialist living wall company that have been designing, installing and maintaining prestigious projects since 2007.

The clever patented design makes Flourish the perfect choice for any office space.

Simple to deliver and install

No water or drainage connection

4-5 week watering intervals

Available in a wide range of sizes

Living wall installed by Biotecture at Centrica Windsor

# Introducing The Flourish Family

Three ranges: Pico, Mura & Duet  
in a choice of two design styles: Cabinet & Flow

Sustainable.  
Stylish.  
Simple.

## Flourish Pico™

Wall-mounted

Cabinet

Flow

## Flourish Mura™

Floor-standing

Cabinet

Flow

## Flourish Duet™

Wheeled

- Wall-mounted
- Botanic art
- 3 size options

- Floor-standing
- Restraint fixings only

# Why Flourish™

## Space saving greenery

### Healthy Spaces

#### Improved air quality

Plants add oxygen to enrich indoor spaces while at the same time removing harmful & toxic VOCs

#### Better acoustics

Proven noise reduction as plants absorb sound

#### Reconnection with nature

Flourish offers plants at eye level to reconnect people with the benefits of the natural world

### Enriched people

#### Better Well-being

Science studies confirm the positive impact of plants on mental health

#### Workplace Satisfaction

Greenery found to be one of most important factors for workplace satisfaction in good office design.

#### People centric Design

Spaces with designed in nature proven to encourage people into the office.

Healthy Spaces

Enriched People

Flourishing business

### Flourishing business

#### Increased Productivity & Creativity

Simply enriching a space with plants is proven to increase productivity by 15%

#### Better Staff retention

Enriched work environments reduce turnover and in turn recruitment and training costs

#### Good for Brand

A focus on the natural world establishes a forward thinking brand identity

## Sustainability

At Growing Revolution we understand that we are part of a global community. What we do and how we do it matters.

As a business we are committed to the 1% for the Planet movement and are on the road to becoming a B-Corp.

### Materials

- At the heart of each Flourish unit is Growing Revolution's award winning PlantBlox system. PlantBlox are made from 100% household waste recycled plastic.
- All of our timber-based products are FSC certified
- Our steel comes from minimum 50% recycled sources
- All of our packaging materials are manufactured from 100% recycled papers

### Local manufacturing

- All of our products and our packaging materials are made in the UK
- We are a 'made in Britain' accredited company

### Supply Chain

- We ensure our supply chain also values and promotes environmental sustainability.
- All of our MDF product components are manufactured by a certified carbon neutral company. This is important to us.

### Deliveries

- All of our deliveries are carbon neutral
